

The Institute of Demolition Engineers

Application Form: Technician Grade Membership

Introduction

The Institute of Demolition Engineers is a Charitable Educational Trust and is established to promote and foster the science of demolition engineering, the use of more efficient techniques in the industry, to encourage safer methods of working and to provide a qualifying body in the industry.

Membership is for individuals who are involved in some aspect of Demolition Engineering and who could be expected to be able to demonstrate a depth of knowledge and experience within the Demolition industry. There is no provision for corporate membership and companies may not claim accreditation to the Institute. All members are expected to show commitment and support for the Institute to which they belong. Aspiring members are very welcome to attend IDE Seminars and Regional Meetings. Attendance at such events will enhance your application and help you to gain invaluable CPD hours.

All Entrant, Technician, Associate, Full Member and Fellow grade members are required to participate in the IDE CPD Scheme (Continuing Professional Development). Full details will be provided once your application has been successful. Technician Grade Membership is open to all practicing Demolition Supervisors and Managers who have a minimum of 5 years experience and have achieved a level of competency to at least Gold Card (Supervisor) status. This grade also entitles the member to use the designate **TechIDE** after their name as well as have full voting rights at all Institute general membership meetings and elections.
