## Application Form: Entrant Grade Membership

### Introduction

The Institute of Demolition Engineers is a Charitable Educational Trust and is established to promote and foster the science of demolition engineering, the use of more efficient techniques in the industry, to encourage safer methods of working and to provide a qualifying body in the industry.

Membership is for individuals who are involved in some aspect of Demolition Engineering and who could be expected to be able to demonstrate a depth of knowledge and experience within the Demolition industry. There is no provision for corporate membership and companies may not claim accreditation to the Institute.

All members are expected to show commitment and support for the Institute to which they belong. Aspiring members are very welcome to attend IDE Seminars and Regional Meetings. Attendance at such events will enhance your application and help you to gain invaluable CPD hours.

All Entrant grade members are required to participate in the IDE CPD Scheme (Continuing Professional Development). Full details will be provided once your application has been successful. All Entrant Grade members are expected to progress to higher grades of membership. Entrant grade is only granted for 2 years, during which time the member is expected to sit and pass the Institute Examinations. As the examinations are held twice a year there is plenty of opportunity to do so. The Institute also offer a very beneficial Preparation Day prior to the examination and all first-time candidates are encouraged to attend. The pass mark is high (70%) a large proportion of applicants pass first time.
